Front page, pictured left to right:

Nick Panagotopoulos, Class of 2017, was granted a full academic scholarship to the Merchant Marine Academy. The Class of 2017 accepted over \$1,000,000 in grants and scholarships, as 99% of the class went on to four-year colleges across the United States.

Rachel Conover, Class of 2017, served on a short-term mission trip to Jamaica in April of her senior year. Each year, a team of students and faculty plans a mission trip either in the United States or abroad, where students can impact the world through their Christian walk.

Eddie Bober, Class of 2018, received a Leadership Award from Widener University and NBC 10 Philadelphia for demonstrating positive change in our school and community. At TKCS, curricular and extracurricular activities provide opportunities for students to gain leadership experience.
