

All King's Families:

We are happy to announce that we will be providing busing for students each school day. We will be running two bus routes daily-----a northern route that will include stops in Bordentown and Burlington and a southern route that will include stops in Turnersville, and Deptford. I have enclosed maps outlining the two separate routes, including pick-up and drop off times for each stop.

The cost for each participating student will be \$900 for the 2016-17 school year, with \$450 due by the first day of school, and \$450 due on February 1, 2017. If you are eligible and your town reimburses you for transportation (B-6T Form needed) you should receive approximately \$440 by January 30 and \$440 June 30, per student, which should offset the cost of busing for you. If you only need busing one way per day, the cost would be \$450 for the school year.

I have enclosed an information/sign-up sheet for your convenience. If you are interested in reserving a space on the bus for your student or have any questions, please contact Stephanie Crowley at 856-489-6720 ext. 115 or scrowley@tkcs.org. Students will be added on a first come basis.
