

Dear Parents:

We would like the home email addresses of the athletes on each soccer team so that you can be notified by email blast whenever there is time change, a date change, a site change, or a cancellation.

Once these groups are created, you can be notified of any updates. You may include a work email, the student's email, the home email and as many as you wish. This will help to eliminate a number of telephone calls to the school and to the players when they are in class. It will also not be necessary for the students to frantically attempt to call their parents during the academic day.

This procedure as well as the daily updating of the athletic schedule whenever needed on the TKCS web-site and a voice-mail message on the Sports' Hotline (Ext. 181) will help tremendously.

Please supply us the needed information if you wish to be included in the Sports' Information Email Blast.

Student's Name _____

Parent's Name _____

Email Address(es) included:

Email 1 _____

Email 2 _____

Email 3 _____

Email 4 _____
